Master Plan in Action and Next Steps for the Community

We are proud to share community improvements made since the Master Plan was completed. Efforts are underway on some exciting early implementation projects focused on the Little Willow Creek Greenway near Tadpole Pond. Planned improvements include repairs and replacement to the pathway between the two ponds, a new spillway with natural boulders, and a new seating and amenity area. We hope the project will be finished by spring 2021.

The Roxborough Village Parks, Recreation, and Open Space Master Plan completed earlier this year was an important first step for the community to establish a long-term vision. We are excited to announce the Master Plan was a recipient of an American Society of Landscape Architects (ASLA) Colorado award for its interactive web-based Master Plan. The plan is easy to navigate and we hope you will take a look on your phone, tablet or computer. It can be found at roxboroughmetrodistrict.org/master-plan.

District Trails

The District is pleased to announce that trail repairs within the community have been completed. Concrete was replaced and timbers were installed in some areas. Roxborough Village is fortunate to have nearly 7 miles of open space trails within the District.

Your Voice is Critical for a Successful Community Recreation Plan!

We Need You!

WE NEED YOU to Join the Rec Center Task Force! The Metro District is forming a community-based Recreation Center Task Force — and we need your insights! The Rec Center Task Force will provide its recommendations regarding whether a rec center meets the community’s needs and vision. Meeting (most likely virtually) 6 to 7 times between January and May of 2021, the group will look at various aspects of the possible facility — design, activities, services and financing — and provide recommendations to the Metro District Board.

If you are interested in volunteering on the Rec Center Task Force, go to www.RoxboroughMetroDistrict.org and complete the brief application.

The deadline to apply is November 13.

Contact District Manager Anna Jones with questions at anna.jones@CLAconnect.com. Thank you!

The RVMD Board of Directors continues its due diligence to determine the best mix of recreational programs and amenities for Rox residents. A survey was sent to the community in mid-June to get feedback regarding the programs and services that are important to you. Key takeaways from the survey results are below:

Our Insights Gained

Roxborough Village survey respondents identify their most desired amenities for community/rec center

Preferences on Health & Wellness options among Roxborough Village survey respondents

79% of respondents are “very likely” or “extremely likely” to join as members. Respondents’ highest preferences are Convenience (close to home), Family Friendly, and a Non-Intimidating Environment. A pool, swim lessons, state-of-the-art fitness equipment, and group exercise classes were among the highest ranked options surveyed.

Health & Wellness

A Letter from Calvin Brown Roxborough Village Board President

With the completion of the Master Plan, the District Board has begun the process of funding and implementing several projects identified as community priorities. I would like to personally thank everyone involved with making the plan a reality. From the residents who participated in the community events to the members of the Board, I am grateful for all the hard work that went into moving the plan from concept to development. A rec center emerged as the community's highest priority during the community outreach process and we

are excited to receive your continued feedback as we initiate the community task force to review the possibilities. Please visit Rec Center Task Force at RoxboroughMetroDistrict.org to learn more and apply to join.

I would be remiss if I did not acknowledge the yeoman-like work of our consultant team. They play a major role in fiscal management and keeping our District a desirable place to live.

Lastly, and perhaps most importantly, I encourage everyone to continue to be vigilant in combating the Coronavirus and continue checking the District website for ongoing updates. As always, thank you for making Roxborough a great place to live. And we look forward to seeing you at our upcoming meetings. Note, they are currently held via Zoom and the public is welcome and encouraged to attend.

Respectfully, Calvin Brown

Pedestrian Safety

In August, the Board of Directors met with Douglas County Commissioner Abe Laydon and Douglas County traffic engineers to discuss traffic calming strategies on Rampart Range Road and Waterton Road. The County has since installed a new pedestrian signal with brighter lights on Rampart Range Road near the Community Park, and a pedestrian refuge island on Waterton Road near Campfire Street to ensure pedestrians cross safely.

Roxborough Village Metropolitan District's website has a new look! You can easily find community updates, progress on our Master Plan, resident resources, Board meeting details, and contact information for the District and HOAs. You can subscribe to our newsletters too! Stay connected to our beautiful community at www.roxboroughmetrodistrict.org.
